## ST. JOHNSBURY CENTER

Supt. Mason S. Stone Addressed Green Mountain Grange—Personals.

(Ella McLaughlin, Correspondent.)

It was "Educational Night" at Green Mountain Grange, No. 1, last Saturday evening, not in name only, but in reality. The questions for discussion seemed to lend an inspiration to the speakers so they entered into the subjects assigned them with an earnestness that held the close attention of the audience throughout the whole evening. Visiting members present were: State Lecturer E. H. Hallett and Mrs. Hallett and Worthy Lecturer Nellie Knowlton, Wallye Grange, No. 66; Supt. Harvey Burbank and Mrs. Burbank, Danville Grange, No. 325; Worthy Master, D. D. Gray and Mrs. Gray, Enterprise Grange, No. 16, and District Deputy, James R. Moore and Mrs. Moore, Passumpsic Valley Grange, No. 322. Suggestions for the "Good of the Order" were responded to by Brothers E. H. Hallett, J. R. Moore, D. D. Gray, Harvey Burbank and E. M. Massey. At the close of the meeting the doors were thrown open to the public, the hall was well filled and the following program was presented: Song by Grange; reading, "Nellie Whitney"; question, "What is Practical Education?" speakers, Eliza A. Allen, Minnie Shattuck and P. P. Prescott. Although Sister Allen was out of town she did not forget her part in the program and sent in a very interesting paper which was read by the Lecturer Emma K. Massey; question, "Co-operation Between Parents and Teachers," very ably responded to by Mary Gray and Stella Allen, one speaking from the parents stand point and the other from the teachers; piano solo, P. P. Prescott; essay, "What Industrial Training Should Be Given the Average Girl?" Mrs. P. P. Prescott. Others who took part in the program were Miss Caroline Woodruff, president of the State Teachers' Association of St. Johnsbury, who spoke very highly of the work being done through the agricultural schools along the lines of scientific farming; also of the garden schools. Union Superintendent Harvey Burbank of East Barnet, "Spelling as Taught in Our Schools Today," and he also gave a brief outline of the work done by the state superintendent of education which in the earlier years of its existence met with discouragements but which today is one of the principal factors in the upbuilding of our public schools. Superintendent Walter H. Young of St. Johnsbury heartily endorsed the statements made by those who spoke on practical education and emphasized the need of co-operation between parents and teachers. He also said he thought that the Grange held a wide influence over the rural schools and that there was a work for them to perform along those lines; piano solo, "The Wreck of the Titanic," Leo Mongeon. Then came the address of the evening by the Hon. Mason S. Stone, state superintendent of education, who gave a very clear and concise conception of the educational situation in the state, and left with us an awakening of ideas and thoughts which if only taken up and acted upon cannot but help to bring our schools up to a higher standard of education. Closed by singing "America."
